introduction

ABOUT ME

I am a B.E.Electrical Engineering student at the Military College of Signals, NUST, where I excel in both academic and leadership roles. I have a keen interest in graphic design and front-end development, and I work on Adobe Ai, Adobe Ps, Figma, Blender, and as for my coding skills I work on HTML, CSS, and JavaScript. I've more than enough knowledge of Python and React.js and can also apply them when needed. I am self-motivated, reliable, responsible, and hard-working, and I adapt to challenging situations and deadlines with ease. I value diversity, inclusion, and social justice, and I strive to make a positive impact in my community and beyond.
